

Workers Comp. – Basic Information

We are self insured under the Commonwealth of Massachusetts. So when the doctor etc. ask for your insurance company, it is the **Commonwealth of Massachusetts**.

Give them your workers comp file number and date of injury if you have. (I will get this number after I have put your form into eservices.)

After your emergency treatment, you or your doctor would need to call Utilization Review (UR) for pre-approval of further treatment, including specialists and physical therapy. UR will ask for your worker's comp file number so get that from me after your form has been filed with me. Call me at 545-6114.
